Profile

A versatile Full Stack Developer, GRC Analyst and Digital Technology Consultant, and an undergraduate Cybersecurity student at the Federal University of Technology, Ikot Abasi. Over 8 years of hands-on experience crafting exceptional, pixel-perfect digital experiences — from modern, user-centered frontends and scalable backends to cloud deployments and governance, risk & compliance programs that keep organisations honest.

Experience

Web Developer & IT Consultant - NAAKISS Worldwide

Present

Building and maintaining the organisation's web presence, internal tooling, IT operations and digital transformation roadmap.
